Terms of Use

The agreement between you and Discretion

Effective 7 October 2026

These Terms of Use govern your access to and use of the Discretion platform, including our website, applications, and services. By creating an account or using the Platform you agree to these Terms. If you do not agree, you must not use the Platform.

1. About Discretion

The Platform is owned and operated by Discretion Management Limited ("Discretion", "the Platform", "we", "us", or "our"), a company incorporated and registered in England and Wales, United Kingdom. Discretion operates an online platform for verified companions, creators, agencies, studios, clients, affiliates, and industry professionals. The Platform offers profiles, bookings, tipping, private galleries, a content feed with subscriptions and pay-per-view purchases, custom content, live cam and private shows with interactive features, an adult industry job board, and an affiliate programme.

These Terms of Use apply together with our other policies, each of which forms part of your agreement with us where it is relevant to how you use the Platform. These include the Privacy Policy, the Acceptable Use Policy, the Community Guidelines, the Age Verification Policy, the Content Moderation Policy, the Refund and Diamonds Policy, the Companion and Creator Agreement, the Live Streaming, Cam and Interactive Services Policy, and the Affiliate Programme Terms. Where a specific policy applies to an activity, that policy applies in addition to these Terms.

2. Company Details and Legal Compliance

The Platform is owned and operated by Discretion Management Limited, a company incorporated and registered in England and Wales, United Kingdom, with company number 14534456 and registered office at 14-15 Harelands Courtyard Offices, Moor Road, Melsonby, Richmond, North Yorkshire, DL10 5NY, United Kingdom. You can contact us on any legal, regulatory, or compliance matter at info@discretion.vip.

We operate the Platform in accordance with applicable law and maintain a suite of compliance policies which form part of these Terms. These include:

- Age Verification Policy: every user is identity and age verified as 18 or over before they can transact, in line with the UK Online Safety Act 2023 and equivalent requirements in the jurisdictions in which we operate.
- Content Moderation Policy and Community Guidelines: proactive and reactive moderation of all content published or sold on the Platform.
- Child Protection Policy: zero tolerance of child sexual abuse material, with reporting to the National Crime Agency, CEOP, the Internet Watch Foundation, and equivalent authorities.
- Complaints and Content Takedown Policy: a route for anyone, including persons depicted in content, to report and have removed non-consensual, infringing, or manipulated (deepfake) material.

- Privacy Policy and Data Retention Policy: personal data is processed in accordance with the UK GDPR and the Data Protection Act 2018.
- Anti-money-laundering and know-your-customer checks on payouts and higher-value or higher-velocity activity, and cooperation with our payment partners on transaction monitoring.
- Law Enforcement Disclosure Policy: cooperation with lawful requests from competent authorities.

Payments are handled by our third-party payment providers. Card and payment credentials are processed by those providers in accordance with the Payment Card Industry Data Security Standard (PCI DSS); we do not store full card details on our own systems.

3. Eligibility

You must be at least 18 years old and legally permitted to access adult content and services in your jurisdiction.

- You must provide accurate registration information and keep it current.
- You must not have been previously banned or suspended.
- You must have legal capacity to enter into this agreement.
- You must not access the Platform on behalf of anyone who does not meet these requirements.

We may refuse or terminate access where we reasonably believe eligibility is not met.

4. Accounts and Security

You are responsible for your account, your login credentials, and all activity under your account. You must keep your password confidential and enable available security features such as two factor authentication. Notify us immediately of any unauthorised use.

Your account type (for example client, companion, creator, agency, job seeker, or job poster) is selected at sign up and reflects how you use the Platform. We may verify your role and restrict features that do not match your account type.

5. Verification

Companions, creators, and any user who publishes a public profile, uploads adult content, or withdraws funds must complete age and identity verification through our provider before those features are enabled. We may require re-verification at any time. Full detail is set out in our Age Verification Policy.

6. The Diamond System

The Platform uses diamonds, a prepaid digital balance, to pay for digital features and services such as gallery unlocks, tips, content purchases, placements, job postings, and, where offered, live content. Diamonds are purchased through our payment provider and are denominated in pounds sterling.

Diamonds pay only for digital features and services on the Platform. Diamonds are not, and must not be used as, payment for companionship, a person's time, meetings, dates, or any in-person services. Any arrangement between users for companionship or in-person services is made directly between independent adults, is not facilitated, processed, priced, or charged by Discretion, and Discretion is not a party to it and takes no commission from it.

- Diamonds are a limited-use digital balance for use within the Platform. They are not legal tender, electronic money usable elsewhere, or a deposit, and they carry no interest.
- The price to purchase diamonds and the value at which eligible users may withdraw earned diamonds are set out in the Platform and in the Refund and Diamonds Policy.
- Eligible earners may request withdrawal of earned diamonds subject to a minimum threshold, identity verification, and a holding period before release.
- We may adjust pricing and features on reasonable notice.

Full terms, including refunds and chargebacks, are in the Refund and Diamonds Policy.

7. Pricing, Tax, and VAT

Prices are shown in pounds sterling and include VAT or equivalent sales tax where applicable. Where the law of your jurisdiction requires tax to be charged or accounted for on digital services, we will apply it in accordance with that law. You are responsible for declaring and paying any tax due on your own earnings.

8. Acceptable Use

You agree to use the Platform lawfully and in line with our Acceptable Use Policy and Community Guidelines, which form part of these Terms. Prohibited conduct includes illegal content, content involving anyone under 18, non-consensual content, harassment, fraud, and circumventing safety or payment systems.

9. User Content and Consent

You retain ownership of content you upload. You grant Discretion a worldwide, non-exclusive, royalty free licence to host, store, watermark, reproduce, and display it for the purpose of operating, securing, and promoting the Platform.

You must own or have the rights to all content you upload, and you must have the verifiable consent of every person depicted, confirming they appear in it, are 18 or over, and agree to its publication and sale. We record and retain consent as described in the Content Moderation Policy.

10. Content Moderation

All content is subject to automated screening and human review. We may remove or restrict content, suspend accounts, and report unlawful material to the authorities, as set out in the Content Moderation Policy and the Child Protection and Anti-Exploitation Policy.

11. Bookings and Conduct Between Users

Discretion provides tools to connect users. We are not a party to arrangements made between users and do not employ companions or creators. Users are independent and responsible for their own conduct, tax, and legal compliance.

Any payment for companionship or in-person services is arranged and made directly between users as independent adults. Discretion does not process, price, or take any fee from such payments, and diamonds cannot be used for them.

All interactions must be lawful and consensual and must comply with the law in the relevant jurisdiction.

12. Reviews and Ratings

Reviews must be honest, based on genuine experience, and must not contain unlawful, defamatory, or personally identifying information. We may moderate or remove reviews that breach these Terms.

13. Intellectual Property

The Platform, its branding, and its software are owned by Discretion or its licensors and are protected by intellectual property law. You may not copy, scrape, reverse engineer, or exploit any part of the Platform except as expressly permitted.

14. Payouts

Earnings are paid in diamonds and may be withdrawn by eligible verified users at the published withdrawal value, after the platform fee, subject to the holding period and minimum threshold set out in the Refund and Diamonds Policy.

15. Suspension and Termination

You may close your account at any time. We may suspend or terminate access where you breach these Terms, where required by law, or to protect users or the Platform. On termination, your right to use the Platform ends, although certain records (including consent and transaction records) are retained as required by law.

16. Disclaimers

The Platform is provided on an as available basis. To the extent permitted by law, and without affecting your statutory rights, we exclude implied warranties. We do not guarantee uninterrupted or error free operation, or the conduct of any user.

17. Limitation of Liability

Nothing in these Terms limits liability that cannot be limited by law, including liability for death or personal injury caused by negligence, for fraud, or for any matter for which it would be unlawful to limit liability, and nothing affects your non-excludable consumer rights.

Subject to the above, to the maximum extent permitted by law: we are not liable for indirect or consequential loss, loss of profit, loss of data, or loss arising from interactions between users; and our total aggregate liability arising out of or in connection with the Platform is limited to the greater of the total amounts you paid to us in the 12 months before the event giving rise to the claim, or one hundred pounds (GBP 100).

18. Indemnity

You agree to indemnify Discretion against claims, losses, and reasonable costs arising from your breach of these Terms, your content, or your unlawful use of the Platform. This does not apply to the extent a loss results from our own breach or negligence, and does not apply to you as a consumer beyond what the law permits.

19. Governing Law and Jurisdiction

These Terms and your use of the Platform are governed by the laws of England and Wales, United Kingdom. Discretion Management Limited is incorporated and registered in England and Wales. Subject to the consumer protections below, the courts of England and Wales have exclusive jurisdiction over any dispute.

If you are a consumer resident in Scotland or Northern Ireland, you may also bring proceedings in your local courts. If you are resident in Australia, these Terms are read subject to the Australian Consumer Law and other mandatory laws of the Commonwealth of Australia and your state or territory, and nothing in these Terms excludes rights that cannot lawfully be excluded.

20. Your Statutory and Consumer Rights

Nothing in these documents affects your non-excludable statutory rights as a consumer.

United Kingdom

Where you are a consumer in the UK, you have rights under the Consumer Rights Act 2015 and the Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013. Digital content supplied through the Platform must be as described, fit for purpose, and of satisfactory quality.

Right to cancel and digital content

Where a statutory cancellation period applies, you may have up to 14 days to cancel certain purchases. By purchasing and using diamonds or accessing digital content immediately, you request immediate supply and acknowledge that your right to cancel is lost once supply has begun, to the extent permitted by law.

Australia

Where you are a consumer in Australia, our services come with guarantees that cannot be excluded under the Australian Consumer Law, including remedies for failures that amount to a major failure.

21. General Provisions

Entire agreement

These documents, together with any policies referenced in them, form the entire agreement between you and Discretion regarding the Platform and supersede any prior arrangements.

Severance

If any provision is found to be unenforceable, the remaining provisions continue in full force, and the unenforceable provision is modified to the minimum extent necessary to make it enforceable.

Waiver

A failure to enforce any right or provision is not a waiver of that right or provision.

Assignment

You may not assign or transfer your rights or obligations without our consent. We may assign our rights and obligations, including in connection with a merger, acquisition, or sale of assets, without affecting your rights.

Third party rights

Except where stated, a person who is not a party to these documents has no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term.

Force majeure

We are not liable for any failure or delay caused by events beyond our reasonable control, including outages, failures of third party providers, or acts of government.

Notices

We may give notice to you by email or through the Platform. You may contact us at info@discretion.vip.

Dispute resolution

If a dispute arises, please contact us first at info@discretion.vip so we can try to resolve it. If we cannot resolve it, the dispute may be referred to the courts identified in the Governing Law and Jurisdiction section. Where alternative dispute resolution applies to you as a consumer, we will tell you about the relevant scheme.

Changes

We may update these documents from time to time. We will notify registered users of material changes, and the effective date shows the latest revision. Continued use after changes take effect constitutes acceptance.

22. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

Privacy Policy

How we collect, use, and protect your personal data

Effective 7 October 2026

This Privacy Policy explains how Discretion collects, uses, shares, and protects personal data, and your rights under the UK General Data Protection Regulation (UK GDPR), the Data Protection Act 2018, and, where you are in Australia, the Privacy Act 1988 and the Australian Privacy Principles. We are committed to handling your data with discretion.

1. Who We Are

Discretion Management Limited ("Discretion"), a company incorporated and registered in England and Wales, United Kingdom, is the controller of personal data processed through the Platform. You can contact us about any privacy matter, including to exercise your rights, at info@discretion.vip.

2. Data We Collect

You provide to us

- Account data: email, username, password (stored hashed), account type.
- Profile data: display name, location, photographs, descriptions, services, and rates.
- Communications: messages, booking requests, reviews, and support enquiries.
- Payment data: processed by our payment provider; we store transaction records, not full card numbers.

Collected automatically

- Usage and device data: pages viewed, actions taken, IP address, browser, and device type.
- Cookies and similar technologies, as described in our Cookie Policy.

From third parties

- Identity and age verification results from our provider: a pass or fail result and verified attributes such as age confirmation. We do not store copies of identity documents.
- Content moderation signals from our screening provider.

3. How We Use Your Data

We process personal data to provide and secure the Platform, to verify age and identity, to process payments and payouts, to moderate content and keep users safe, to communicate with you, to comply with legal obligations, and to improve the service.

Lawful bases

- Performance of a contract: to provide the services you sign up for.

- Legal obligation: age verification, record keeping, and reporting of unlawful content.
- Legitimate interests: safety, fraud prevention, and service improvement, balanced against your rights.
- Consent: for optional marketing, which you can withdraw at any time.

4. Special Category and Sensitive Data

Given the nature of the Platform, some data may reveal information about your sex life or sexual orientation. We process such data only where necessary to provide the service you have requested, with your explicit consent where required, and with heightened security.

5. Sharing Your Data

We do not sell your personal data. We share data only with service providers acting on our instructions, and with authorities where legally required, as set out in the sub-processors section below.

6. Sub-Processors

We use carefully selected service providers (sub-processors) to operate the Platform. Each is bound by data protection terms and may only process data on our instructions. Categories include:

- Payment processing.
- Identity and age verification.
- Content moderation and safety screening.
- Cloud hosting, database, and file storage.
- Email and notification delivery.
- Privacy conscious analytics (Vercel Web Analytics and Speed Insights, which do not use cookies or identify individual visitors).
- Security, fraud prevention, and bot protection.

A current list of sub-processors is available on request from info@discretion.vip.

7. Records of Processing

We maintain records of our processing activities. In summary:

- Account and profile data: to operate accounts and profiles; basis contract; retained for the life of the account and a short period after.
- Verification outcomes: to confirm age and identity; basis legal obligation and contract; retained as required by law.
- Content and consent records: to publish content lawfully; basis legal obligation and contract; retained for the period required by law.
- Transactions: to process payments and meet accounting duties; basis contract and legal obligation; retained for 6 to 7 years.
- Safety and moderation records: to keep users safe and meet legal duties; basis legal obligation and legitimate interests; retained as required by law.

8. Automated Processing

We use automated tools for content moderation, age assurance, and fraud prevention. These do not produce legal or similarly significant effects on you without human review. You may contact us to request a human review of an automated decision that affects you.

9. Data Retention

We retain personal data only as long as necessary for the purposes set out here or as required by law. Specific periods are in our Data Retention Policy. Certain records, such as age verification outcomes and content consent records, are retained for extended periods to meet legal and safety obligations, including after account closure.

10. Your Rights

Subject to conditions, you have the right to access, rectify, erase, restrict, and port your data, to object to processing, and to withdraw consent. If you are in Australia, you have equivalent rights under the Australian Privacy Principles. You can exercise most rights in your account settings or by contacting info@discretion.vip. We respond within statutory timeframes.

You may export or delete your data from your account. Deletion does not remove records we are legally required to keep.

11. Security

We use technical and organisational measures including encryption in transit and at rest, hashed passwords, access controls, optional two factor authentication, automated moderation, and regular reviews. No system is completely secure, and we cannot guarantee absolute security.

12. Personal Data Breaches

We maintain procedures to detect, investigate, and respond to personal data breaches, and will notify the relevant supervisory authority and affected individuals where required by law.

13. International Transfers

Where data is transferred outside the UK or your country of residence, we rely on appropriate safeguards such as adequacy decisions or standard contractual clauses, and take steps to ensure an equivalent level of protection.

14. Children

The Platform is strictly for adults aged 18 and over. We do not knowingly process data of anyone under 18 and will delete such data if discovered. See our Age Verification Policy and Child Protection and Anti-Exploitation Policy.

15. Cookies

We use cookies as described in our Cookie Policy.

16. Changes

We may update this policy and will notify users of material changes. The effective date above shows the latest revision.

17. Complaints and Contact

If you have concerns, contact info@discretion.vip. You also have the right to complain to the Information Commissioner's Office (ico.org.uk) in the UK, or to the Office of the Australian Information Commissioner (oaic.gov.au) in Australia.

Cookie Policy

How we use cookies and similar technologies

Effective 7 October 2026

This Cookie Policy explains what cookies are, how Discretion uses them, and how you can manage your preferences. It should be read with our Privacy Policy.

1. What Cookies Are

Cookies are small text files placed on your device when you visit a website. They help the site function, remember your preferences, and understand how the site is used. We also use similar technologies such as local storage and pixels.

2. Types of Cookies We Use

- **Strictly necessary:** required for the Platform to function, including login, security, and session management. These cannot be switched off.
- **Preference:** remember your settings, such as region and display choices.
- **Analytics:** help us understand usage so we can improve the Platform. We use Vercel Web Analytics and Speed Insights, which measure visits, pages viewed and page speed without setting cookies and without identifying you. Personal details such as email addresses, search terms and one-time links are removed from page addresses before they are recorded.
- **Security and fraud prevention:** help detect and prevent abuse.

3. Consent

Where required by law, we ask for your consent before setting non-essential cookies, and you can change your choice at any time through your browser or our cookie preferences tool.

4. Managing Cookies

You can control cookies through your browser settings and, where offered, through our cookie preferences tool. Blocking strictly necessary cookies may prevent parts of the Platform from working.

5. Third Parties

Some cookies are set by trusted providers acting on our behalf, for example for analytics, security verification, and payment processing. These providers are bound by their own privacy and cookie terms.

6. Changes

We may update this policy as our use of cookies changes. The effective date shows the latest revision.

7. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

Acceptable Use Policy

What is and is not permitted on Discretion

Effective 7 October 2026

This Acceptable Use Policy sets out the rules for using Discretion. It forms part of the Terms of Use. Breaching it may lead to content removal, suspension, permanent removal, and reporting to the authorities.

1. General Principles

Use the Platform lawfully, honestly, and with respect for others. Do not use it in any way that harms users, the Platform, or third parties.

2. Strictly Prohibited

- Any content or conduct involving a person under 18, or that we suspect involves a minor.
- Non-consensual content, including content featuring any person who has not given verifiable consent.
- AI-generated, synthetic, computer-generated, face-swapped, or otherwise digitally fabricated or manipulated sexual or intimate imagery of any kind, including deepfakes. Only genuine imagery of the real, verified, consenting adult depicted is permitted on the Platform at this time.
- Human trafficking, coercion, forced labour, or sexual exploitation in any form.
- Content that is illegal in the relevant jurisdiction, including extreme or prohibited material.
- Impersonation, identity fraud, or misrepresenting your age or identity.
- Sharing another person's private information without consent.
- Harassment, threats, hate speech, stalking, or abuse.

3. Prohibited Platform Conduct

- Using the Platform or diamonds to pay for, or to solicit, advertise, or arrange payment for, in-person sexual services.
- Circumventing age verification, payment, or moderation systems.
- Scraping, harvesting, or bulk downloading content or data.
- Uploading malware or attempting to disrupt or gain unauthorised access to the Platform.
- Creating fake accounts, manipulating reviews, or engaging in fraud or chargeback abuse.
- Advertising or soliciting off platform to evade fees or safety controls in a way that endangers users.

4. Content Standards

All content must comply with the Content Moderation Policy and Community Guidelines. You must hold the rights to your content and the consent of everyone depicted.

5. Enforcement

We may remove content, restrict features, suspend or permanently remove accounts, and report unlawful activity. Serious breaches, in particular those involving minors or exploitation, result in immediate permanent removal and a report to law enforcement.

6. Reporting

If you see content or conduct that breaches this policy, report it using the in-platform tools or contact info@discretion.vip.

7. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

8. Live Streaming Conduct

This section applies whenever you broadcast or view a Live Show or Private Show on the Platform, and it applies in addition to the Live Streaming, Cam and Interactive Services Policy.

Every person appearing on camera during a Live Show or Private Show must be a verified adult who has given informed and continuing consent to appear. The following requirements apply at all times.

- No person under the age of eighteen may appear, participate, or feature in any Live Show or Private Show, whether as a Broadcaster, a co-performer, or otherwise, and no minor may be present in the background or anywhere within view of the camera.
- No prohibited, illegal, or non-consensual act may be performed, simulated, requested, or facilitated, including any act set out as prohibited in the Live Streaming, Cam and Interactive Services Policy, the Content Moderation Policy, or the Community Guidelines.
- The Broadcaster is solely responsible for their broadcasting environment, including ensuring that no unverified or non-consenting person is present, that the location is lawful and private, and that no identifying information of third parties is exposed.
- A Viewer must not harass, threaten, degrade, or abuse a Broadcaster or any other Viewer, and must not demand, pressure for, or offer inducement for any prohibited act.
- A Broadcaster may decline any request and may end a Live Show or Private Show at any time, and a Viewer must respect any stated boundaries and limits.

Any breach of this section may result in immediate termination of the Live Show or Private Show, suspension or removal of the relevant account, and referral to the relevant authorities. Concerns may be raised through the Complaints and Content Takedown Policy.

9. No Recording or Redistribution

Live Shows, Private Shows, and Content are made available for your personal viewing on the Platform only. You are granted no right to reproduce, retain, or distribute them.

- You must not record, screenshot, screen-capture, film, photograph, download, mirror, restream, rebroadcast, or otherwise reproduce any Live Show, Private Show, or Content, in whole or in part, by any means and using any device or software.

- You must not redistribute, publish, share, sell, or make available any such recording or reproduction to any other person or on any other service, whether or not for payment.
- You must not remove, obscure, alter, or circumvent any watermark, credential, or protective marking applied to a Live Show, Private Show, or Content.

Unauthorised capture, retention, or redistribution is a serious breach of this Acceptable Use Policy and may also be unlawful, including as an infringement of intellectual property rights, a breach of privacy or data protection law, or an offence relating to the sharing of intimate images without consent.

Discretion employs watermarking, session monitoring, and detection measures to identify unauthorised capture. We will act on reports of unauthorised recording or redistribution, may suspend or terminate accounts involved, and will cooperate with law enforcement and rights holders, including by disclosing account information where lawfully required. Reports may be made under the Complaints and Content Takedown Policy.

10. Interactive Devices

The Platform may allow a Broadcaster to connect an Interactive Device that responds to activity during a Live Show or Private Show. The following rules govern the use of any Interactive Device, in addition to the Live Streaming, Cam and Interactive Services Policy.

- Only the Broadcaster controls, connects, and consents to the use of their own Interactive Device, and only the Broadcaster may set the limits, thresholds, and settings that govern how it responds.
- A Viewer may cause an Interactive Device to respond only through a Tip, and only within the limits and settings that the Broadcaster has configured.
- A Viewer must not coerce, pressure, harass, or induce a Broadcaster to use, adjust, or remove limits on an Interactive Device, and must not offer any inducement to override the Broadcaster's stated boundaries.
- No person may attempt to seize, override, bypass, or interfere with a Broadcaster's control of their Interactive Device, whether by technical means or otherwise.
- An Interactive Device must not be used in any manner intended or likely to cause physical harm, distress, or injury to any person, and the Broadcaster remains responsible for their own safety and for discontinuing use at any time.

The Broadcaster may disconnect, pause, or reconfigure an Interactive Device at any time, and a Viewer has no right to any particular response. Misuse of an Interactive Device may result in suspension or termination and, where appropriate, referral to the relevant authorities.

11. Off-Platform Solicitation and Payment Circumvention

The Platform provides payment, safety, and moderation systems that protect all users. You must not seek to remove any interaction or transaction from those systems.

- You must not solicit, encourage, or arrange for any Creator, Fan, Broadcaster, Viewer, or client to move an interaction or transaction off the Platform in order to avoid fees, moderation, or safety monitoring.
- You must not share, request, or exchange external contact details, links, handles, or account references for the purpose of continuing an interaction off the Platform in circumvention of this Acceptable Use Policy.

- You must not share, request, or accept external payment details, or arrange payment for any service offered through the Platform by any means other than the Platform's own payment and Diamonds systems.
- You must not use the Platform, its messaging, its Content, or any profile to advertise or direct users to external services for the purpose of circumventing fees or moderation.

Keeping interactions and payments on the Platform enables us to protect users, to detect and prevent fraud and exploitation, and to respond to complaints and safety concerns. Circumvention undermines these protections and is a serious breach that may result in forfeiture of affected balances, suspension, or termination, in accordance with our terms and the Community Guidelines.

12. Content Feed and Selling Rules

Where you offer Content on the Platform, whether as free, subscriber only, pay per view, or custom Content, you are responsible for ensuring that it is lawful, properly described, and fully rights-cleared.

- All Content offered must be lawful and must comply with the Content Moderation Policy and the Community Guidelines.
- You must own or hold all necessary rights, licences, and consents for every Content item and for every person appearing in it, and every person appearing must be a verified, consenting adult.
- You must not resell, repackage, or offer for sale any Content in which you do not hold the necessary rights, including Content created by or featuring another person without their authorisation.
- Content must be accurately and honestly described, including its nature, format, length, and what a purchaser will receive, and you must not engage in bait-and-switch, misleading previews, or misrepresentation of what is being sold.
- Custom Content must be delivered as agreed and must not include any prohibited act or any person who has not consented.

Content that is unlawful, infringing, misdescribed, or otherwise in breach may be removed, and the account responsible may be suspended or terminated. Purchasers and rights holders may raise concerns through the Complaints and Content Takedown Policy.

13. Automated Access, Scraping and Security

Access to the Platform is provided for legitimate personal use through the interfaces we make available. Automated, intrusive, or adversarial access is prohibited.

- You must not use any bot, crawler, spider, scraper, or other automated means to access, index, harvest, or collect profiles, Content, images, messages, or any other data from the Platform.
- You must not circumvent, disable, or interfere with any paywall, watermark, access control, rate limit, or authentication measure, or attempt to access any area, account, or Content that you are not authorised to access.
- You must not probe, scan, test, or attempt to compromise the security or integrity of the Platform or its systems, and must not introduce any malware, or conduct any denial of service or other attack.
- You must not reverse engineer, decompile, or attempt to extract source code or protected data from the Platform, except to the extent this restriction cannot lawfully be excluded.
- You must not use any data obtained from the Platform to build, train, or populate any competing service, dataset, or model, or for any purpose other than your permitted personal use.

Attempts to access the Platform by automated or unauthorised means, or to interfere with its security, are serious breaches of this Acceptable Use Policy and may constitute offences under the Computer Misuse Act 1990 and other applicable law. We monitor for such activity, will suspend or terminate offending accounts, and will cooperate with the relevant authorities.

Community Guidelines

How we expect everyone to behave

Effective 7 October 2026

Discretion is built on safety, respect, and professionalism. These Community Guidelines explain the behaviour we expect from everyone, whether you are a client, companion, creator, agency, or professional.

1. Respect and Consent

Treat everyone with respect. Consent is essential in every interaction, on and off the Platform. No means no. Pressuring, coercing, or ignoring boundaries is not tolerated.

2. Safety First

Keep conversations on the Platform where safety tools apply. Use verified features. Report anything that feels unsafe. Never share another person's private details.

3. Honesty

Be truthful in your profile, your content, and your reviews. Misrepresentation, fake profiles, and review manipulation undermine trust and are not allowed.

4. Protecting Each Other

Everyone on the Platform is an adult who has chosen to be here. Content involving minors, non-consenting people, coercion, or exploitation is absolutely prohibited and will be reported.

5. For Companions and Creators

You control your profile, your content, and your boundaries. Only upload content that is genuinely you, or that depicts people who have verifiably consented and are 18 or over. Keep your verification current.

6. For Clients

Respect companions and creators as professionals. Pay agreed amounts through the Platform. Reviews must be fair and based on genuine experience.

7. Consequences

Breaking these guidelines can lead to warnings, content removal, suspension, or permanent removal. Serious breaches are reported to the authorities.

8. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

Age Verification Policy

Confirming that every user is an adult

Effective 7 October 2026

Discretion is strictly for adults aged 18 or over. This policy explains how we verify age and identity, how we provide age assurance for viewers of adult content, and what happens if verification fails. It supports our obligations under applicable law, including the UK Online Safety Act 2023 and equivalent requirements in other jurisdictions in which we operate.

1. Minimum Age

You must be 18 or over to create an account or use the Platform. The Platform contains adult content and is intended solely for adults.

2. Identity and Age Verification for Companions and Creators

Any user who publishes a public profile, uploads adult content, or withdraws earnings must complete identity and age verification through our approved provider. Verification typically combines a government issued identity document with a live selfie check.

We receive only a pass or fail result and a limited set of verified attributes, such as age confirmation. We do not store copies of identity documents. Until verification succeeds, the ability to publish, sell, or withdraw is restricted.

3. Age Assurance for Viewers

Where required by law, access to pornographic or other age-restricted content is gated behind age assurance that is intended to be highly effective at determining whether a user is 18 or over. We may require any user to complete age assurance before viewing such content and may decline or withdraw access where age cannot reasonably be assured.

4. Re-Verification

We may require re-verification at any time, including where we have reason to doubt a user's age or identity, or after a significant period of inactivity.

5. Records and Retention

- We retain verification outcomes and related records (not identity documents) for as long as necessary to meet legal and safety obligations.
- Identifiers associated with a banned or rejected verification may be blocked from re-registering.

6. Failure and Falsification

Providing false age or identity information, or attempting to circumvent age verification or age assurance, results in immediate suspension or permanent removal, and may be reported to the relevant authorities.

7. Suspected Minors

If we become aware that a user is under 18, we will suspend the account, remove associated content, and take action in line with our Child Protection and Anti-Exploitation Policy.

8. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

Content Moderation Policy

How we keep content safe and lawful

Effective 7 October 2026

This policy explains how Discretion moderates content. Moderation combines automated screening, human review, and user reporting. By uploading content you agree that it may be screened, reviewed, removed, or referred to the authorities in line with this policy.

1. Automated Screening

Uploaded images and media are automatically screened by our moderation provider before and after publication, including for nudity classification, content suspected of depicting minors, and other prohibited material. Content assessed as nudity may be routed to diamond-locked private galleries. Content that is blocked is not published.

2. Staff Review of Private and Paid Content

To keep the Platform safe and lawful, authorised Discretion staff may access and review any content uploaded to the Platform, including private, paid, pay-per-view, subscriber-only and view-once content, and content supplied for custom requests. We do this for moderation, investigating reports and complaints, safety and safeguarding, legal and regulatory compliance, audits, and the requirements of our payment partners.

- Access is restricted to authorised personnel with a moderation role, protected by two-factor authentication.
- Staff must record a reason for each review, and each review by staff is logged and auditable.
- Reviewing content does not purchase or unlock it, does not make it available to anyone else, and does not affect any fan's access, including view-once access.
- We do not notify Creators of individual reviews, as doing so could compromise investigations or safeguarding.

3. Prohibited Content

- Any content depicting, or suspected of depicting, a person under 18.
- Content featuring any person who has not given verifiable consent to appear in it and to its publication or sale.
- AI-generated, synthetic, computer-generated, face-swapped, or otherwise digitally fabricated or manipulated sexual or intimate imagery, including deepfakes. Only genuine imagery of the real, verified, consenting adult depicted is permitted at this time.
- Non-consensual, exploitative, trafficked, or coerced content.
- Content that infringes another person's intellectual property or privacy.
- Any content that is unlawful or breaches the Acceptable Use Policy.

4. Consent Records

Content may only be published or sold where every person depicted has provided recorded consent confirming they appear in it, are 18 or over, and agree to its publication and sale. We maintain consent records linked to content and retain them for the period required by law, including after the content is removed.

5. AI-Generated and Synthetic Content

The Platform does not permit AI-generated, synthetic, computer-generated, face-swapped, or otherwise digitally fabricated or manipulated sexual or intimate content at this time, including deepfakes. All content offered on the Platform must be genuine imagery of the real, verified, consenting adult depicted.

When you upload content you confirm that it is genuine and unmanipulated and that it is not AI-generated or synthetic. Content that we identify or reasonably suspect to be AI-generated, synthetic, or manipulated may be removed, and the responsible account may be suspended or terminated. If this policy changes in future to allow any synthetic content, such content will be clearly and unambiguously labelled as AI-generated wherever it appears.

6. Child Sexual Abuse Material

We operate zero tolerance for child sexual abuse material (CSAM). Suspected CSAM is blocked, preserved as required, the responsible account is suspended, and the matter is reported to the relevant authorities, which may include the National Crime Agency, CEOP, and the Internet Watch Foundation. We cooperate fully with law enforcement. See the Child Protection and Anti-Exploitation Policy.

7. Human Review and Reporting

Users can report content and conduct using in-platform tools. Reports are reviewed by our trust and safety team, who aim to action them within a reasonable time. We also moderate proactively.

8. Live and Real-Time Content

Where the Platform offers live or real-time content, it is subject to monitoring and may be interrupted, ended, or removed, and the relevant account suspended, where prohibited content is detected or suspected.

9. Messages

Messages are private between users but may be reviewed where a report is made or where we have reasonable grounds to believe these Terms or the law are being breached.

10. Removal, Enforcement, and Appeals

- We may remove or restrict any content at our discretion where we believe it breaches this policy, with or without prior notice.
- Enforcement may include warnings, content removal, feature restriction, suspension, or permanent removal.
- Where content is removed in error, you may request review. Decisions on illegal content and safety matters are final.

11. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

Child Protection and Anti-Exploitation Policy

Zero tolerance for abuse, trafficking, and exploitation

Effective 7 October 2026

The safety of children and the prevention of exploitation are absolute priorities for Discretion. This policy sets out our zero tolerance approach and the steps we take to detect, prevent, and report abuse.

1. Zero Tolerance

Discretion has zero tolerance for child sexual abuse material (CSAM), the sexualisation of minors, human trafficking, coercion, forced labour, and sexual exploitation. There are no exceptions.

2. Prevention

- Strict 18 or over age and identity verification for companions and creators.
- Recorded consent for everyone depicted in content, confirming they are 18 or over.
- Automated screening of uploads, including detection of content suspected of depicting minors.
- Blocking of identifiers linked to banned or rejected verifications.

3. Detection and Response

Where CSAM or exploitation is detected or reported, we act immediately: the content is blocked and preserved as required, the responsible account is suspended, evidence is secured, and the matter is escalated to our trust and safety team.

4. Reporting to Authorities

We report suspected CSAM and exploitation to the relevant authorities, which may include the National Crime Agency, CEOP, the Internet Watch Foundation, and equivalent bodies in other jurisdictions. We cooperate fully with law enforcement and preserve evidence in line with legal requirements.

5. Record Keeping

We retain consent records, verification outcomes, and incident records for the periods required by law, including after account closure, to support investigations and compliance.

6. Reporting a Concern

If you become aware of any content or conduct that may involve a minor or exploitation, report it immediately using in-platform tools or contact info@discretion.vip. If a child is in immediate danger, contact the police on 999 (UK) or 000 (Australia).

7. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

Complaints and Content Takedown Policy

How to raise a concern or request removal of content

Effective 7 October 2026

This policy explains how to make a complaint, how to request removal of content (including content that infringes your rights or was posted without consent), and how we handle these requests.

1. How to Complain

You can raise a complaint about content, conduct, a decision, or your experience by contacting info@discretion.vip. Please include enough detail for us to investigate, such as links, usernames, and a description of the issue.

2. Content Removal Requests

If content features you and was posted without your consent, infringes your rights, or is otherwise unlawful, contact info@discretion.vip with details and, where possible, evidence of your identity or rights. We prioritise non-consensual intimate image reports and act quickly.

3. Altered, Manipulated, and Deepfake Content

The Platform prohibits AI-generated, synthetic, face-swapped, or otherwise digitally altered or manipulated intimate imagery, including non-consensual sexual deepfakes. If you believe content appears to alter or manipulate your likeness, or otherwise represents you without your consent, you can report it in the app using the report tool (select 'Non-consensual or altered image (deepfake)') or contact info@discretion.vip.

A person who is depicted, or who is potentially or apparently represented, in such content may request its removal even if they are not a registered user. We treat these reports as urgent, we do not require you to prove the content is fake before we act, and we remove content that we assess to be manipulated or non-consensual while we investigate.

4. Right of a Depicted Person to Request Removal and Appeal

Any person who is depicted, or who is potentially or apparently represented, in content on the Platform may ask us to remove it and may appeal a decision, whether or not they hold an account. Send your request to info@discretion.vip. We will acknowledge it, investigate, and tell you the outcome. If you disagree with our decision, you may ask for it to be reviewed by a different member of our trust and safety team, and you may then escalate to independent dispute resolution as set out below.

5. Independent Dispute Resolution

If a complaint or removal request cannot be resolved between you and us, we will, at our own expense, refer the disagreement to a neutral, independent dispute resolution provider. We use the Centre for Effective Dispute Resolution (CEDR), an established independent alternative dispute resolution (ADR)

body, and we will abide by its process. This is in addition to any statutory or regulatory route otherwise available to you, and does not affect your right to contact a regulator or the courts.

For non-consensual intimate images, you can also use StopNCII.org, a free tool operated by the Revenge Porn Helpline that helps prevent intimate images being shared online, and we cooperate with such services.

6. Intellectual Property and Copyright

If you believe content infringes your copyright, send a notice to info@discretion.vip including identification of the work, the location of the infringing content, your contact details, and a statement of good faith belief and accuracy. We will review and, where appropriate, remove the content and may act against repeat infringers.

7. Urgent and Safety Reports

Reports involving minors, non-consensual content, threats, or exploitation are treated as urgent and actioned immediately, including removal and, where appropriate, reporting to the authorities.

8. How We Handle Requests

- We acknowledge complaints and aim to respond within a reasonable time.
- We may request further information to verify the request.
- We take proportionate action, which may include removal, restriction, suspension, or referral to authorities.
- We keep records of complaints and outcomes.

9. Appeals

If you disagree with a decision, you may request a review. Decisions relating to illegal content and safety are final.

10. Regulators

For data protection complaints you may contact the Information Commissioner's Office (UK) or the Office of the Australian Information Commissioner (Australia). Other regulators or authorities may apply depending on the matter.

11. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

Refund and Diamonds Policy

How diamonds, purchases, payouts, and refunds work

Effective 7 October 2026

Discretion is operated by Discretion Management Limited, a company incorporated and registered in England and Wales, United Kingdom. This policy explains how the Discretion diamond system works, including purchases, spending, earnings, withdrawals, refunds, and chargebacks. It forms part of the Terms of Use and does not affect your non-excludable statutory rights as a consumer.

1. Diamonds

Diamonds are a prepaid digital balance used within the Platform to pay for digital features such as gallery unlocks, tips, content purchases, placements, and job postings. Diamonds are denominated in pounds sterling and have no value outside the Platform except as set out in the withdrawal terms below.

Diamonds pay only for digital features and services on the Platform. They are not, and must not be used as, payment for companionship, a person's time, meetings, or any in-person services. Such arrangements are strictly between independent adult users and are not facilitated, priced, processed, or charged by Discretion.

2. Purchasing Diamonds

Diamonds are purchased through our payment provider. The purchase price per diamond and available packages are shown at the point of purchase. Prices include VAT or equivalent tax where applicable. Purchases are processed securely; we do not store full card details.

3. Spending Diamonds

Diamonds are deducted when you use a paid feature. Because digital features are delivered immediately, purchases of diamonds and spends are generally final once made, subject to your statutory rights and this policy.

4. Consumer Rights and Cancellation

Where you are a consumer, you may have a statutory right to cancel certain purchases within 14 days. By purchasing and using diamonds, or by accessing digital content immediately, you request immediate supply and acknowledge that, to the extent permitted by law, your right to cancel is lost once supply has begun.

If digital content or a feature is faulty, not as described, or not of satisfactory quality, you are entitled to a remedy under applicable consumer law, including the Consumer Rights Act 2015 in the UK and the Australian Consumer Law in Australia. Contact info@discretion.vip and we will put it right.

5. Earnings and Withdrawals

- Eligible verified earners accrue diamonds from activity such as tips, gallery unlocks, and content sales.
- Earned diamonds may be withdrawn at the published withdrawal value, after the platform fee.
- Withdrawals are subject to a minimum threshold and to identity verification.
- A holding period applies before withdrawn funds are released, to help prevent fraud and chargebacks.

6. Refunds

Outside your statutory rights, diamonds and completed spends are generally non-refundable because digital content and features are delivered immediately. If you believe a charge was made in error or a feature failed to deliver, contact info@discretion.vip and we will investigate and provide a remedy where appropriate.

7. Chargebacks and Fraud

Initiating a chargeback without first contacting us may be treated as a breach of the Terms. We investigate suspected fraud and may suspend accounts, reverse diamonds, and withhold payouts where fraud or abuse is identified.

8. Pricing Changes

We may change diamond pricing, package sizes, fees, and the withdrawal value on reasonable notice. Changes do not affect transactions already completed.

9. Tax

Earners are responsible for declaring and paying any tax due on their earnings.

10. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

11. Subscriptions

A Subscription grants a Fan or Subscriber recurring access to a Creator's content or benefits for successive billing periods. Unless stated otherwise at the point of purchase, each Subscription renews automatically at the end of every billing period at the price shown at the time, and continues to renew until it is cancelled.

You may cancel a Subscription at any time through your account settings on the Platform, or by contacting us. Cancellation stops the next renewal. Where you cancel, your access ordinarily continues until the end of the billing period you have already paid for, after which the Subscription ends and no further charge is taken.

Payments for periods that have begun are generally non-refundable, and we do not provide partial refunds for unused time within a billing period, save where a refund is required by law, or where the

Creator materially fails to deliver the content or benefits promised as part of the Subscription. In such cases we may issue a refund or a return of Diamonds as appropriate.

The price of a Subscription may change. Where a price change applies to your recurring Subscription, we will give you reasonable notice in advance, and the new price will take effect from your next billing period. If you do not wish to continue at the revised price, you may cancel before it takes effect. Your continued Subscription after the change takes effect constitutes acceptance of the revised price.

12. Pay-Per-View, Unlocks and Paid Messages

Pay-Per-View (PPV) content, gallery unlocks, and paid messages are items of digital content that are made available to you immediately once the applicable fee or Diamonds are applied and the item is unlocked.

By unlocking PPV content, purchasing an unlock, or opening a paid message, you request that we begin supplying the digital content to you immediately, and you acknowledge and agree that once supply has begun you lose the statutory right to cancel within the 14 day cancellation period that would otherwise apply to digital content.

Some content is sold for limited access. A rental gives access for the number of days shown at purchase. A view-once purchase gives a single viewing: when you open it you have a short viewing window (shown on screen, currently 5 minutes for photos and 30 minutes for videos), after which it locks again and you may buy another view. An unused view-once purchase remains available for 30 days. The end of a rental period, or the use of a view-once viewing, is not a ground for a refund.

Accordingly, such items are non-refundable once unlocked or opened. This does not affect your statutory rights where the digital content is faulty, is of unsatisfactory quality, or is materially not as described, in which case you may be entitled to a remedy under the laws of England and Wales.

If you believe an item you have unlocked is faulty or materially not as described, please report it to us promptly at info@discretion.vip, describing the item, the date of purchase, and the problem, so that we can investigate and, where appropriate, provide a remedy.

13. Custom Content

Custom Content is bespoke digital content created by a Creator to a Fan's or Client's individual request or specification. Because it is produced to your specification, Custom Content is treated as personalised and, once supply has begun with your consent, it is not subject to the ordinary 14 day cancellation right for digital content.

A refund, or a request for the Creator to redraw or amend the content, will be considered only where the Custom Content has not been delivered within any agreed timeframe, or where what is delivered is materially not as agreed between you and the Creator. Differences of taste or preference that fall within the scope of what was agreed do not, by themselves, give rise to a refund.

The commissioning, delivery, and acceptance of Custom Content are also governed by the Companion and Creator Agreement, which should be read together with this policy.

14. Tips and Gifts

A Tip or gift is a voluntary payment made by a Client, Fan, or Subscriber to a Creator as a token of appreciation. Tips are applied immediately and are non-refundable.

A Tip does not purchase any specific content, service, outcome, or entitlement, and no obligation on the part of the Creator or the Platform is created by the making of a Tip.

Tips sent in error are generally not reversible once sent. If you believe a Tip was sent as a result of fraud or unauthorised use of your account, please contact us at info@discretion.vip so that we can investigate, although we cannot guarantee that a Tip can be recovered.

15. Live Shows and Private Shows

Private Shows and paid Group Shows are charged in Diamonds per minute, and hidden shows by a one-off entry fee, at the price shown at the time. You are only charged once the Broadcaster has accepted your request to join. Access is provided on a real time basis and, once a minute has been watched or a show has taken place, the Diamonds applied are ordinarily non-refundable.

Where a Live Show or Private Show fails to start, or ends prematurely, for reasons attributable to the Creator or to the Platform, we will arrange an automatic refund or a return of the Diamonds applied, in whole or in part as appropriate to the circumstances.

No refund or return of Diamonds is due where you are removed from, or denied access to, a show because of your breach of our terms, the Live Streaming, Cam and Interactive Services Policy, or applicable rules of conduct.

The conduct, availability, and technical delivery of Live Shows and Private Shows are further governed by the Live Streaming, Cam and Interactive Services Policy, which should be read together with this policy.

16. Chargebacks and Payment Disputes

If you have a concern about a payment, please contact us first at info@discretion.vip so that we can try to resolve it directly. Many issues can be addressed quickly without the need for a formal payment dispute.

Initiating a Chargeback or payment dispute with your bank or card provider without first contacting us may result in the suspension or closure of your account, and in the clawback or reversal of related Diamonds, unlocks, and earnings connected to the disputed transaction.

Where a Chargeback is raised, we may share transaction records and other relevant evidence with our payment provider and your card issuer in order to respond to the dispute.

We treat fraudulent or abusive Chargebacks seriously. Where a Chargeback is made in bad faith, or in respect of content or services that were in fact supplied, we reserve the right to recover the sums involved and to pursue any remedies available to us.

17. Effect of Refunds and Reversals on Creators and Affiliates

Where a purchase is refunded, charged back, or otherwise reversed, any Creator earnings and any Affiliate Commission that arose from that purchase may be adjusted, withheld, or clawed back accordingly, whether or not the relevant amount has already been credited to a balance or scheduled for Payout.

Where such amounts have already been paid out, we may recover them from future earnings or Commission, or by other lawful means.

The treatment of Creator earnings and Payouts is further governed by the Companion and Creator Agreement, and the treatment of Affiliate Commission is further governed by the Affiliate Programme Terms, each of which should be read together with this policy.

18. How to Request a Refund

To request a refund, please contact us at info@discretion.vip and provide the details we need to locate and assess your request.

Please include the following where possible:

- the account or registered email address associated with the transaction;
- the date of the transaction and the item, Subscription, or service concerned;
- any order or transaction reference shown in your account;
- a clear description of the problem and, where relevant, the remedy you are seeking.

We aim to acknowledge refund requests within a reasonable period of receipt, and to complete our assessment as promptly as we can. We may ask you for further information or evidence in order to investigate, and we may ask you not to use or share the content while a request is being considered.

Where a refund is approved, we will normally issue it to the original payment method used for the transaction. Where that is not possible or not appropriate, or where you agree, we may instead provide the refund as a return of Diamonds to your account.

19. Your Statutory Rights

Nothing in this policy limits or affects your mandatory rights as a consumer under the laws of England and Wales, including your rights in respect of digital content that is faulty, of unsatisfactory quality, or not as described.

Where anything in this policy conflicts with those mandatory rights, those rights prevail. This policy applies in addition to, and not instead of, your statutory rights.

Companion and Creator Agreement

Terms for companions, creators, and performers

Effective 7 October 2026

This Agreement applies to companions, creators, and performers who use Discretion to publish profiles, sell content, or earn through the Platform. It supplements the Terms of Use.

1. Independent Status

You are an independent user, not an employee, worker, or agent of Discretion. You control your profile, content, services, availability, and pricing. You are responsible for your own legal, tax, and regulatory compliance.

2. Verification

Before publishing or withdrawing, you must complete age and identity verification (18 or over). You must keep verification current and re-verify on request.

3. Your Content and Consent

- You must own or have the rights to all content you upload.
- Solo content must genuinely depict you.
- For content featuring anyone else, every person must be a verified adult who has given recorded consent to appear and to publication and sale.
- You grant Discretion a licence to host, store, watermark, display, and distribute your content to operate and promote the Platform.

4. Earnings and Payouts

You earn diamonds from eligible digital activity on the Platform (such as tips, gallery and content unlocks, and content sales) and may withdraw at the published withdrawal value, after the platform fee, subject to the minimum threshold, verification, and holding period.

Diamonds and Platform earnings relate only to digital features and services. They are not payment for companionship or in-person services. Any arrangement you make directly with another user for companionship or in-person services is between you and that user as independent adults, off platform, and Discretion is not a party to it and takes no commission from it.

5. Conduct

You must act lawfully and professionally, honour the Community Guidelines, and not engage in prohibited conduct. You must not feature non-consenting people or anyone under 18 in any content.

6. Content Removal and Suspension

We may remove content or suspend your account where content or conduct breaches our policies. Consent records are retained as required by law even after content or account removal.

7. Platform Access to Your Content

You agree that authorised Discretion staff may access and review any content you upload or supply through the Platform, including private, paid, pay-per-view, subscriber-only and view-once content and content made for custom requests, for moderation, safety, legal and regulatory compliance, audit, and payment-partner requirements. Access is restricted to authorised personnel, is protected by two-factor authentication, and is logged. A review does not purchase or unlock your content, does not share it with anyone else, and does not affect your sales or your fans' access. We do not notify you of individual reviews. See the Content Moderation Policy for details.

8. Intellectual Property

You retain ownership of your content. You are responsible for protecting your own rights, and we provide tools such as watermarking and diamond-locked galleries to help reduce misuse.

9. Termination

You may stop using the Platform at any time. We may suspend or terminate access for breach or to protect users. Certain records are retained after termination as required by law.

10. Governing Law and Jurisdiction

These Terms and your use of the Platform are governed by the laws of England and Wales, United Kingdom. Discretion Management Limited is incorporated and registered in England and Wales. Subject to the consumer protections below, the courts of England and Wales have exclusive jurisdiction over any dispute.

If you are a consumer resident in Scotland or Northern Ireland, you may also bring proceedings in your local courts. If you are resident in Australia, these Terms are read subject to the Australian Consumer Law and other mandatory laws of the Commonwealth of Australia and your state or territory, and nothing in these Terms excludes rights that cannot lawfully be excluded.

11. Your Statutory and Consumer Rights

Nothing in these documents affects your non-excludable statutory rights as a consumer.

United Kingdom

Where you are a consumer in the UK, you have rights under the Consumer Rights Act 2015 and the Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013. Digital content supplied through the Platform must be as described, fit for purpose, and of satisfactory quality.

Right to cancel and digital content

Where a statutory cancellation period applies, you may have up to 14 days to cancel certain purchases. By purchasing and using diamonds or accessing digital content immediately, you request immediate supply and acknowledge that your right to cancel is lost once supply has begun, to the extent permitted by law.

Australia

Where you are a consumer in Australia, our services come with guarantees that cannot be excluded under the Australian Consumer Law, including remedies for failures that amount to a major failure.

12. General Provisions

Entire agreement

These documents, together with any policies referenced in them, form the entire agreement between you and Discretion regarding the Platform and supersede any prior arrangements.

Severance

If any provision is found to be unenforceable, the remaining provisions continue in full force, and the unenforceable provision is modified to the minimum extent necessary to make it enforceable.

Waiver

A failure to enforce any right or provision is not a waiver of that right or provision.

Assignment

You may not assign or transfer your rights or obligations without our consent. We may assign our rights and obligations, including in connection with a merger, acquisition, or sale of assets, without affecting your rights.

Third party rights

Except where stated, a person who is not a party to these documents has no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term.

Force majeure

We are not liable for any failure or delay caused by events beyond our reasonable control, including outages, failures of third party providers, or acts of government.

Notices

We may give notice to you by email or through the Platform. You may contact us at info@discretion.vip.

Dispute resolution

If a dispute arises, please contact us first at info@discretion.vip so we can try to resolve it. If we cannot resolve it, the dispute may be referred to the courts identified in the Governing Law and Jurisdiction section. Where alternative dispute resolution applies to you as a consumer, we will tell you about the relevant scheme.

Changes

We may update these documents from time to time. We will notify registered users of material changes, and the effective date shows the latest revision. Continued use after changes take effect constitutes acceptance.

13. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable

time.

14. Selling Content on the Feed

As a Creator you may post Content to your Feed and offer it as free, subscriber-only, or Pay-Per-View (PPV). You choose how each post is made available and you set the price for any paid Content, subject to the applicable platform fee shown in your dashboard. All sales of Content on the Feed are made in Diamonds.

You retain ownership of your Content. You grant Discretion a non-exclusive licence to host, store, watermark, reproduce, display, distribute, and promote your Content on and in connection with the Platform for as long as needed to operate the service and to meet our legal obligations.

- You warrant that you own or have all rights, licences, and consents needed for every element of the Content and for every person who appears in it.
- You warrant that every person shown is you or another verified adult aged 18 or over, and that you hold proof of age and recorded consent to appear, publish, and sell for each such person.
- You will keep those records and provide them to us on request, in line with the Age Verification Policy and the Content Moderation Policy.
- Your Content must comply with the Acceptable Use Policy and all applicable law of England and Wales.

15. Subscriptions

You may offer paid Subscriptions that renew on a recurring basis. You set the tiers, the benefits of each tier, and the price you charge, subject to the applicable platform fee shown in your dashboard. You must describe clearly what a Subscriber receives at each tier before they subscribe.

While a Subscription is active you must continue to deliver the value and access you have advertised for that tier. You must not remove or materially reduce advertised benefits during a paid period without notice, and you must not mislead Subscribers about what they will receive.

Cancellation, non-renewal, and any adjustment on a cancelled or lapsed Subscription are handled in line with the Refund and Diamonds Policy. A Subscriber who cancels retains access for the period already paid unless that Policy provides otherwise.

You must not solicit or move Subscribers or Fans off the Platform to avoid the applicable platform fee, and you must not share off-platform contact or payment details for that purpose.

16. Pay-Per-View and Unlocks

You may sell individual Content through Pay-Per-View (PPV) posts, locked galleries, and paid messages. A Fan pays the price you set, in Diamonds, to unlock the item. Once unlocked, the Content is digital and is delivered to the Fan immediately.

You may also sell an item for limited access: as a rental for a set number of days, or as view once, where each purchase gives the Fan a single viewing window after which the item locks again and can be bought again. View-once items are not included with subscriptions.

Because delivery is immediate, a PPV item, gallery unlock, or paid message is treated as non-refundable once it has been unlocked, except where the Refund and Diamonds Policy or your non-excludable statutory rights provide otherwise.

Every paid item must be described accurately before purchase. You must not use misleading previews, false descriptions, or bait to induce an unlock, and the Content delivered must match what was advertised.

17. Custom Content

You may accept commissions to produce Custom Content for a Fan. You should agree the scope, format, and price with the Fan before you begin, and you must deliver the Custom Content as described and within the timescale agreed.

All Custom Content must comply with this Agreement, the Acceptable Use Policy, and the Content Moderation Policy. You must not accept or act on any request that would breach our policies or the law of England and Wales, and you must decline any prohibited request. Declining a prohibited request is not a breach of your obligations to the Fan.

Refunds or adjustments for Custom Content are handled in line with the Refund and Diamonds Policy.

18. Live Shows and Cam

You may broadcast Live Shows, Private Shows and Group Shows through the Platform, subject to the Live Streaming, Cam and Interactive Services Policy. Private Shows and paid Group Shows are charged per minute to each Fan, hidden shows by a one-off entry fee, and you choose whether to accept or decline each Fan who asks to join. Per-minute charges, entry fees, Tips, and any goals set during a show are voluntary payments made by Fans in Diamonds.

You control your own show. You may set its rules, decline requests, and end the broadcast at any time. Ending a show early does not by itself create a right to a refund, which is governed by the Refund and Diamonds Policy.

You remain responsible for everything shown in your stream, including anyone who appears in shot, your surroundings, and any Content displayed. Your broadcast must comply with this Agreement, the Acceptable Use Policy, and the Age Verification Policy.

19. Interactive Devices

Connecting a compatible interactive device to a Live Show or Private Show is optional and entirely under your control. You choose whether to connect a device, when to connect it, and when to disconnect it.

Where you enable a device, Fans may trigger it through Tips within the limits and settings you configure. You may change or remove those limits, and you may disable the device, at any time and without notice.

Your safety, comfort, and hygiene when using any device are your responsibility. You must follow the manufacturer's instructions and stop use if you feel unsafe or unwell. Use of interactive devices is subject to the Live Streaming, Cam and Interactive Services Policy.

20. Your Content Warranties

For all Content, Live Shows, Private Shows, and Custom Content you provide through the Platform, you warrant and undertake that:

- Every person shown is you or another verified adult aged 18 or over who has given recorded consent to appear, and you hold proof of age and consent records on file for each such person.

- The Content is genuine and unmanipulated imagery of the real person or persons depicted, and is not AI-generated, synthetic, computer-generated, face-swapped, or otherwise digitally fabricated or manipulated. Deepfakes and synthetic sexual or intimate imagery are prohibited.
- The Content and any live broadcast is lawful and complies with this Agreement, the Acceptable Use Policy, the Content Moderation Policy, and the Age Verification Policy.
- You own or hold all intellectual property rights and all release and consent rights needed to publish, sell, and distribute the Content through the Platform.
- You will provide your consent, age, and release records to us promptly on request, and you understand that certain records are retained as required by law even after removal of the Content or your account.

21. Co-Created and Duo Content

The Platform allows two or more verified Creators to work together, including by forming a duo with a shared profile, or by creating, appearing in, or publishing Content together. This section applies whenever Content, a shared profile, a Live Show, or a Private Show features, or is created by, more than one person (Co-Created Content).

A duo profile is created by one Creator, the owner, who invites another verified Creator, the partner, to join. The partner must accept the invitation before the duo becomes active. Each member of a duo, and each participant in any collaboration, is bound by this Agreement in respect of that Content, whatever their role.

- Every participant must be individually age and identity verified as an adult aged 18 or over. One participant cannot verify, or consent, on behalf of another.
- Every participant must give their own freely given, informed, and recorded consent to the specific Content being created, published, and offered for sale, before that Content goes live.
- The Creator who uploads or owns the Content must hold proof of age and recorded consent for every person who appears in it, and must provide those records to us on request.
- No person may be included in Co-Created Content, a duo, or a collaboration without their consent and proof of age, and no one may be pressured, incentivised, or misled into appearing.

Each participant is responsible for their own conduct, and all participants are jointly responsible for ensuring that Co-Created Content complies with this Agreement, the Acceptable Use Policy, the Content Moderation Policy, and the Age Verification Policy.

22. Duo Revenue Sharing, Withdrawal and Removal

Where you create or join a duo or other collaboration, you and the other participants agree a revenue share between yourselves. The agreed share is shown when the duo is set up and when a participant accepts. We apply that agreed split to distribute each participant's portion of the net earnings from the shared Content, after the applicable platform fee.

- The revenue share is a commercial arrangement between the participants. Discretion facilitates the agreed split, but is not a party to it and is not responsible for resolving disputes about how earnings should be divided between you.
- The agreed split applies to all earnings on the shared profile, including live shows where more than one participant appears on camera.
- The split may be changed later only if every participant agrees, using the tools we provide. A change applies to earnings from the time it is accepted and does not alter earnings already credited.

- Where a participant is managed by an agency or studio, that participant's share is settled under their arrangement with that agency or studio, in the same way as their other earnings.
- Payouts to each participant remain subject to that participant's own identity verification, any applicable holds, and the Refund and Diamonds Policy.
- Refunds, chargebacks, and reversals affecting shared Content may be adjusted against the participants in line with the agreed split.

A participant may withdraw their consent, or leave a duo, at any time by notifying us or using the tools we provide. We will act on a verified request within a reasonable period.

- On withdrawal of consent or departure, Content that features the withdrawing participant may be removed, hidden, or restricted, so that no one continues to appear in Content they no longer consent to.
- Any participant may request the removal of Content in which they appear, and we will remove or restrict it. This protects each person's right to control their own image.
- Earnings properly accrued before removal are handled according to the agreed split up to that point. Removal does not entitle any participant to reclaim sums already correctly paid to another participant, and does not by itself entitle a purchaser to a refund except as set out in the Refund and Diamonds Policy.
- A duo or collaboration may end where a participant leaves, withdraws consent, or is suspended, and we may deactivate a shared profile in those circumstances.

Disputes between co-creators about their arrangement, their revenue share, or their relationship are between the participants. Discretion is not the arbiter of those private matters, but we will always act to uphold consent, safety, age verification, and each person's control over their own image.

23. Featured Placements and Promotion

You, or an agency or studio that manages you, may buy featured placements in Diamonds, for example on the homepage, in search, on city pages, or on the Content and Webcam pages, for the period shown at purchase. Featured placements are a service supplied by Discretion; the Diamonds spent are paid to Discretion and do not form part of your earnings.

- The homepage creator and cam rails show only profiles with an active featured placement. Where more profiles are featured than there is space for, the order may change, for example to show live performers first, and a particular position is not guaranteed.
- A placement does not change how your content is moderated, and we may suspend or remove a placement where your profile or content breaches our policies.
- We may offer complimentary or promotional placements at our discretion.
- Once a placement has started, the Diamonds spent are non-refundable except as set out in the Refund and Diamonds Policy.

24. Agencies and Studios

Where you are represented by an Agency or Studio, the following applies in addition to the rest of this Agreement.

- You must personally complete your own age and identity verification. An Agency or Studio cannot complete verification on your behalf.

- You consent to your Agency or Studio managing or editing your live profile only after you have been verified and have given recorded consent to that arrangement.
- You may withdraw that consent at any time, and we will act on your withdrawal in line with our procedures.
- Your Agency or Studio must comply with this Agreement and all applicable policies when acting in relation to your account.

Any commercial terms between you and your Agency or Studio, including how your earnings are shared, are a matter between you and them. Discretion is not a party to that arrangement and is not responsible for it.

An agency or studio may give its own staff access to its dashboard with defined roles. An admin may manage performers, earnings and withdrawals; a manager may manage performers and enquiries but not money; a bookkeeper may view earnings only. Only the agency owner or an admin may withdraw the agency's earnings. The agency is responsible for everything done by its staff.

25. Earnings, Fees and Payouts

You earn Diamonds from eligible activity on the Platform, including Content sales, Subscriptions, Tips, PPV and gallery unlocks, paid messages, and Live and Private Shows. The applicable platform fee is deducted at the rate shown in your dashboard.

Diamonds you have earned may be converted to a Payout in line with the withdrawal terms and minimum thresholds shown in your dashboard, and subject to identity verification and any applicable holding period.

We may apply holds, verification checks, and adjustments to your balance or Payout to reflect chargebacks, reversals, refunds, or suspected fraud or breach. Refunds and related adjustments are handled in line with the Refund and Diamonds Policy.

26. Taxes and Independent Status

You use the Platform as a self-employed and independent person. You are not an employee, worker, or agent of Discretion, and nothing in this Agreement creates any such relationship.

You are solely responsible for your own tax affairs, including registering where required, keeping records, and reporting and paying any income tax, National Insurance, and any Value Added Tax (VAT) or other charges that apply to your earnings. Discretion does not deduct tax on your behalf and gives no tax advice. You should take your own professional advice where you need it.

Data Retention Policy

How long we keep data and why

Effective 7 October 2026

This policy explains how long Discretion keeps different categories of data. We keep personal data only as long as necessary for the purposes for which it was collected, or as required by law.

1. Principles

We retain data based on need and legal obligation. When data is no longer required, we delete or anonymise it securely. Some records are retained for extended periods to meet legal and safety obligations.

2. Retention Periods

The following periods apply unless a longer period is required by law or to support an investigation or legal claim:

- Account and profile data: for the life of the account, then deleted or anonymised within 30 to 90 days of closure, subject to the exceptions below.
- Transaction and diamond records: retained for 6 to 7 years for accounting and tax purposes.
- Age and identity verification outcomes (not documents): retained for the period required by law, including after closure.
- Content consent records: retained for up to 7 years, even after the related content is removed.
- Moderation, safety, and incident records: retained for the period required by law to support investigations.
- Records of staff access to private content (who reviewed which item, when, and why): retained for up to 6 years for audit and accountability.
- Messages: retained while the account is active and for a limited period thereafter, unless required for an investigation.
- Support communications: retained for up to 24 months.
- Analytics and logs: retained in identifiable form for a limited period, then aggregated or deleted.

3. Legal Holds

Where data is relevant to a legal claim, investigation, or law enforcement request, we retain it for as long as necessary regardless of the periods above.

4. Deletion on Request

You may request deletion of your data. We will comply except where we are legally required or permitted to retain it, for example consent records, verification outcomes, and financial records.

5. Secure Disposal

When data reaches the end of its retention period, we delete or anonymise it using secure methods.

6. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

Law Enforcement Disclosure Policy

How we handle requests from law enforcement and authorities

Effective 7 October 2026

This policy explains how Discretion handles requests for user data from law enforcement and other authorities, and our approach to proactive reporting of unlawful activity.

1. Our Commitment

We are committed to user safety and to lawful cooperation with authorities. We disclose data only where legally required or permitted, and we proactively report unlawful content such as CSAM.

2. Making a Request

Law enforcement and authorities should send requests to info@discretion.vip on official letterhead, identifying the requesting agency, the legal basis, the data sought, and the relevant user identifiers. We may require appropriate legal process.

3. What We May Disclose

Subject to applicable law and valid process, we may disclose account records, transaction records, and relevant logs. We do not store identity documents and hold only verification outcomes from our provider.

4. Emergency Requests

Where there is a risk of imminent harm, we will act expeditiously and may disclose information necessary to prevent harm, consistent with the law.

5. Proactive Reporting

We proactively report suspected CSAM and serious crime to the relevant authorities, including the National Crime Agency, CEOP, and the Internet Watch Foundation, and preserve evidence as required.

6. User Notice

We may notify affected users of a request unless prohibited by law or where notice would risk harm or prejudice an investigation.

7. Data Preservation

On a valid preservation request, we will preserve relevant data for the period required while legal process is obtained.

8. Contact

For any enquiry, including support, privacy and data protection, content reports, complaints, copyright, and legal or law enforcement matters, contact info@discretion.vip. We aim to respond within a reasonable time.

Affiliate Programme Terms

Terms for members of the Discretion affiliate programme

Effective 7 October 2026

These Affiliate Programme Terms govern your participation in the Discretion Affiliate Programme. They form a binding agreement between you and Discretion (the Platform). By applying to join the Affiliate Programme, accepting your acceptance into it, or promoting Discretion using any Referral link or code, you confirm that you have read, understood, and agree to be bound by these terms, together with our main Terms of Use, Privacy Policy, and any operational guidance we publish in your affiliate dashboard. If you do not accept these terms, you must not participate in the Affiliate Programme.

1. About the Affiliate Programme

The Affiliate Programme allows approved participants (each an 'Affiliate') to promote Discretion and to earn Commission on qualifying activity generated by users they refer to the Platform.

As an Affiliate, you are provided with one or more unique Referral links or codes. When a Client, Companion, Creator, or other user reaches the Platform through your Referral and carries out qualifying activity, you may earn Commission at the applicable rate we publish in your affiliate dashboard.

Your participation is on the terms set out here. Nothing in the Affiliate Programme creates a partnership, joint venture, agency, or employment relationship between you and Discretion. You are an independent participant, and you have no authority to bind Discretion or to make representations on its behalf.

2. Eligibility

To join and remain in the Affiliate Programme, you must meet the following requirements at all times.

- You are aged 18 or over and, where you act on behalf of a business, you are duly authorised to bind that business.
- You hold your own Discretion account, and that account is in good standing and not suspended or restricted.
- You provide accurate, current, and complete registration and payment details, and you keep them up to date.
- You may participate as an individual or as a business, provided the relevant party accepts these terms.
- You comply with these terms, our main Terms of Use, and all applicable laws.

We may approve or decline any application to the Affiliate Programme at our sole discretion, and we are not obliged to give reasons. Meeting the criteria above does not guarantee acceptance.

3. Your Referral Link and Attribution

On acceptance, you will be issued one or more unique Referral links or codes. You must use only the Referral links and codes assigned to your account, and you must not alter, obscure, or misrepresent them.

Attribution of a Referral is determined by the tracking and attribution rules we operate, which typically rely on cookie based, last click attribution within the attribution window shown in your affiliate dashboard. Where more than one Affiliate could claim the same user, we diamond the Referral in accordance with those published rules.

- Each referred user may be attributed to only one Affiliate.
- Self-referrals are not permitted. You may not use your own Referral link or code to generate Commission on your own account, spend, or activity, or that of a household member or connected person.
- Attribution depends on the referred user's device and browser settings, which are outside our control, and we do not guarantee that any given Referral will be tracked.
- We may adjust the attribution window and tracking method from time to time, with any change reflected in your dashboard.

4. Commission

You may earn Commission on qualifying referred spend at the rate shown in your affiliate dashboard. What counts as qualifying spend, and any excluded activity, is set out in the dashboard and may be updated from time to time.

Commission is first recorded as pending when a qualifying transaction takes place. Commission is considered earned only after the applicable holding period we publish has passed and the underlying transaction has cleared and is no longer subject to reversal.

- Commission remains pending during the holding period shown in your dashboard, to allow for refunds, chargebacks, cancellations, and fraud checks.
- We may adjust, reduce, or reverse Commission where the underlying spend is refunded, charged back, reversed, cancelled, or found to be fraudulent, and we may claw back Commission already paid in such cases.
- Commission is calculated on the net value we determine, excluding taxes, refunds, Diamonds issued as goodwill or promotions, and any amounts we reasonably treat as non-qualifying.
- We may set off any clawback or adjustment against current or future Commission owed to you.

5. Payouts

Earned Commission becomes payable once your balance reaches the minimum payout threshold and in line with the payout schedule shown in your affiliate dashboard.

- Payouts are made using the payout methods we make available and that you select in your dashboard.
- You are responsible for providing and maintaining correct and complete payout details. We are not liable for Commission sent to details you have provided that are incorrect or out of date.
- We may withhold or delay any payout pending identity, tax, or anti-fraud verification, or where we reasonably suspect a breach of these terms.
- Where Commission remains below the minimum threshold, it may be carried forward until the threshold is met.

All Commission and payout figures are stated in GBP (£) unless we state otherwise.

6. Acceptable Promotion

You may promote Discretion only through channels that you own or lawfully control and that are appropriate for adult industry advertising. Permitted channels include the following.

- Your own website, blog, or landing pages.
- Your own social media accounts and profiles, where the platform's rules permit adult related promotion.
- Email or messaging to an audience that has opted in to receive marketing from you and where you hold a lawful basis to contact them.

All promotion must be honest, must accurately describe Discretion and the Platform, and must present age restricted content and services responsibly and only to appropriate audiences.

7. Prohibited Promotion

You must not engage in any of the following. Doing so is a material breach of these terms and may result in forfeiture of Commission and termination.

- Sending spam or unsolicited messages, or contacting anyone who has not opted in to your marketing.
- Making misleading, false, or exaggerated claims about Discretion, the Platform, Companions, Creators, earnings, or Diamonds.
- Bidding on or using Discretion trademarks, brand terms, or confusingly similar terms in paid search, or otherwise engaging in brand bidding on paid advertising.
- Cookie stuffing, forced clicks, hidden frames, pop unders, or any technique that sets tracking without genuine user intent.
- Generating incentivised, fake, automated, or fraudulent sign-ups or transactions.
- Placing adult content or Referral material in a way that breaches the rules, terms, or policies of any third party channel or advertising network.
- Impersonating Discretion, or implying you are Discretion, an official representative, or that Discretion endorses you beyond your status as an Affiliate.
- Promoting to persons under 18, or targeting or promoting in any jurisdiction where Discretion, adult services, or such promotion is prohibited or restricted.
- Placing Referral material on sites containing illegal, defamatory, hateful, or infringing content, or content involving minors.

8. Compliance and Advertising Standards

You are responsible for ensuring that all your promotion complies with applicable law and industry standards. Without limitation, you must comply with the following.

- Clearly disclose your affiliate relationship with Discretion where disclosure is required, so that your audience understands your content is an advertisement or contains Referral links.
- Comply with the advertising codes administered by the Advertising Standards Authority (ASA) and the Committee of Advertising Practice (CAP), including rules on adult and age restricted advertising.
- Comply with the UK GDPR, the Data Protection Act 2018, and the Privacy and Electronic Communications Regulations (PECR) in relation to any marketing you carry out.

- Comply with the terms, policies, and community rules of any website, platform, network, or service you use to promote Discretion.

You will indemnify Discretion against any claims, penalties, or losses arising from your failure to comply with this section.

9. Intellectual Property and Brand Use

Subject to your compliance with these terms, we grant you a limited, non-exclusive, non-transferable, and revocable licence to use the Discretion name, logos, and approved marketing assets solely to promote Discretion as an Affiliate for the duration of your participation.

- You may use only the marks and assets we approve or make available, and you must use them in the form provided.
- You must not modify, distort, or create derivative versions of our marks or assets, except where we expressly permit resizing that preserves the original appearance.
- You must not register, use, or attempt to register any domain name, social handle, trademark, or business name that includes or is confusingly similar to our brand.
- You must not imply any relationship with Discretion beyond your status as an Affiliate, and you must not suggest sponsorship, partnership, or endorsement that does not exist.

All intellectual property rights in Discretion, the Platform, and our marks and assets remain owned by us or our licensors. This licence ends automatically on termination of your participation, and you must then stop all use of our marks and assets.

10. Tax

You are solely responsible for determining, reporting, and paying any taxes, duties, or similar charges arising from your Commission and your participation in the Affiliate Programme, including income tax, national insurance, and VAT where applicable.

- Commission is stated exclusive of any VAT, unless we state otherwise. Where you are VAT registered and VAT is properly chargeable, this will be handled in accordance with the process shown in your dashboard.
- We may require you to provide tax information, a valid VAT number, or other documentation before making or continuing payouts, and we may withhold payment until you do so.
- We may withhold or deduct any amount required by law, and we will account for it as required.

11. Confidentiality and Data

You must keep confidential any non-public information we make available to you in connection with the Affiliate Programme, including rates, reporting data, and unreleased features, and use it only to participate in the Affiliate Programme.

- You must handle any personal data relating to referred users or your own audience lawfully and in accordance with applicable data protection law.
- You must not scrape, harvest, or extract data from the Platform, and you must not access data other than as we permit.
- You must not use the Affiliate Programme, referred user data, or Platform data to build, seed, or enrich any list, database, or service that competes with Discretion, or to solicit users away from the Platform.

- You must not sell, rent, or otherwise transfer any referred user data obtained through the Affiliate Programme.

12. Suspension and Termination

Either party may end your participation in the Affiliate Programme at any time. You may withdraw by contacting us or by closing your affiliate account. We may suspend or terminate your participation with or without notice, including where we reasonably suspect a breach of these terms or fraudulent activity.

- On suspension, we may pause tracking and hold any pending Commission while we investigate.
- We may withhold, reduce, or reverse Commission, including Commission already paid, where you have breached these terms or engaged in fraud, prohibited promotion, or manipulation of the Affiliate Programme.
- On termination, your Referral links and codes will be deactivated, your licence to use our marks and assets ends, and you must cease all promotion of Discretion.
- Subject to any withholding or clawback, we will pay validly earned Commission that has cleared the holding period and meets the minimum threshold, in accordance with the payout process.

Sections that by their nature should survive termination, including those on clawback, intellectual property, confidentiality, tax, liability, and indemnity, will continue to apply.

13. Liability and No Guarantee

We do not guarantee any level of traffic, Referrals, conversions, or earnings. Any examples or projections are illustrative only and are not a promise of results. Your earnings depend on factors within your control and on user behaviour we do not control.

The Affiliate Programme, including its tracking, reporting, and dashboard, is provided on an 'as is' and 'as available' basis. We do not warrant that tracking will be uninterrupted or error free, and we are not liable for Referrals or Commission lost due to technical issues, user settings, or third party channels.

Our liability to you in connection with the Affiliate Programme is limited as set out in our main Terms of Use. Nothing in these terms limits or excludes any liability that cannot lawfully be limited or excluded under the laws of England and Wales.

14. Changes and Contact

We may change these terms, the Commission structure, the rates, the attribution rules, and the payout arrangements from time to time. We will give notice of material changes, including by updating your affiliate dashboard or notifying you by email, and the change will take effect on the date we specify. Your continued participation after a change takes effect constitutes acceptance of the updated terms.

These terms are governed by the laws of England and Wales, and the courts of England and Wales have exclusive jurisdiction over any dispute arising from them.

If you have any questions about the Affiliate Programme or these terms, please contact us at info@discretion.vip.

Live Streaming, Cam and Interactive Services Policy

Rules for live cam shows, private shows, tipping, and interactive devices

Effective 7 October 2026

This policy governs the use of live streaming, cam shows, and interactive features on the Platform. It applies to every Broadcaster who streams and every Viewer who watches or participates, and it supplements our Terms of Use and our other policies, including the Acceptable Use Policy, the Content Moderation Policy, the Age Verification Policy, the Refund and Diamonds Policy, and the Community Guidelines. Where this policy conflicts with a general term, the stricter protective rule applies to live and interactive services.

1. Scope and Who May Broadcast

Live Shows, Private Shows, Group Shows, and interactive features may only be operated by verified account holders who are at least 18 years of age. A Broadcaster must have completed identity verification and agreed the Companion and Creator Agreement before going live.

- Only a verified Companion or Creator who has completed identity verification may broadcast.
- Studios and agencies may operate models on the Platform, but each model must have personally completed identity verification and provided their own recorded consent to broadcast.
- A studio or agency may not stream using, or on behalf of, any person who has not themselves verified and consented.
- Broadcasting access is personal to the verified account holder and must not be shared, transferred, or delegated to an unverified person.

We may withhold or withdraw broadcasting access at any time where verification is incomplete, out of date, or in doubt.

2. Age and Identity Assurance for Live

All live and interactive services are age restricted. Age and identity assurance is handled in accordance with our Age Verification Policy.

- Every Broadcaster must be identity verified as being at least 18 years of age before streaming.
- Viewers are subject to age assurance where required before they may access live or interactive services.
- No person under 18 years of age may appear, feature, be visible, or be heard in any stream, even briefly or in the background.
- We may re verify a Broadcaster at any time and may suspend live access pending that check.

Any indication that a person appearing in a stream may be under 18 will be treated as a serious matter and actioned under our Child Protection Policy.

3. Consent and Only You on Camera

Every person who is visible or audible in a stream must be a verified account holder in their own right, or must have verifiable consent and proof of age held on file before the stream begins.

- The default rule is that only the verified Broadcaster appears on camera.
- No third party may appear, participate, or be featured without documented, freely given consent and proof that they are at least 18 years of age.
- Where two or more verified account holders stream together, each must have consented to that specific stream.
- Consent may be withdrawn at any time, and the Broadcaster must stop featuring that person immediately if it is.

If you believe a person appears in a stream without consent or without proof of age, report it at once. We will investigate, may remove the stream, and may suspend the account pending review.

4. Broadcaster Conduct and Prohibited Content

Broadcasters must comply with the Acceptable Use Policy and the Content Moderation Policy at all times while live. The following is prohibited in any Live Show, Private Show, or Group Show, without limitation.

- Any content involving, or any person who appears to be, under 18 years of age.
- Any non consensual act, or the depiction or simulation of any non consensual act.
- Any illegal act, or the encouragement, arrangement, or facilitation of any illegal act.
- Any content otherwise prohibited by our policies, including the Acceptable Use Policy and Content Moderation Policy.
- Doxxing, or the sharing of any person's private or identifying information without consent.
- Promoting, soliciting, or arranging payment, tips, or bookings outside the Platform, or directing Viewers to off Platform payment methods.

A Broadcaster remains responsible for everything shown, said, or done in their stream, including the conduct of any consenting person appearing with them.

5. Viewer Conduct

Viewers must behave respectfully and lawfully at all times. Participation in a stream is a privilege that may be withdrawn.

- No harassment, abuse, threats, or hateful conduct towards a Broadcaster or other Viewers.
- No recording, screenshotting, capturing, restreaming, or redistributing any part of a stream.
- No demanding, requesting, or pressuring a Broadcaster to perform any illegal or prohibited act.
- No attempt to identify, locate, or contact a Broadcaster off the Platform, and no request to move communication or payment off the Platform.
- No impersonation, spamming, or disruptive behaviour in chat or during a show.

Sending a Tip or paying an entry price does not entitle a Viewer to breach these rules, and a Broadcaster may remove, mute, or block any Viewer at their discretion.

6. Tipping, Goals and Menus

Tips are voluntary payments made in Diamonds to reward or encourage a Broadcaster. A Broadcaster may set Goals and a tip menu describing what they are willing to do, at their sole discretion and within our rules.

- A Tip is voluntary and, once sent, is non refundable except as set out in the Refund and Diamonds Policy.
- Goals and tip menus are set, and may be changed or withdrawn, by the Broadcaster at any time.
- A tip menu is an invitation only, and a Broadcaster is never obliged to perform any act that breaches our rules or their own comfort or consent.
- No Tip, Goal, or menu entry entitles a Viewer to demand any illegal, non consensual, or prohibited act.

The value of a Tip is the amount in Diamonds shown at the time you confirm it.

7. Private Shows and Paid Entry

A Broadcaster may offer Private Shows (one-to-one, charged per minute), paid Group Shows (charged per minute to each Viewer who joins), and hidden shows (a one-off entry fee for a hidden part of a show), all paid in Diamonds. The Broadcaster sets the price, which is the price shown at the time you join. Free public shows and free Group Shows can be joined immediately.

- To join a Private Show, a paid Group Show, or a hidden show, you send a request and the Broadcaster may accept or decline it. You are not charged unless your request is accepted.
- Per-minute shows are charged at the start of each minute you watch. You can leave at any time to stop further charges. We warn you when your balance is running low, and you are removed from the show if you do not have enough Diamonds for the next minute.
- Paying grants access for the minutes paid for, or for the duration of the hidden show, subject to these rules and the Broadcaster's stated format.
- Paid entry does not entitle a Viewer to any specific act, outcome, duration, or to any act that breaches our rules.
- Where a show does not proceed, ends prematurely for reasons attributable to the Broadcaster or the Platform, or fails to start, entry may be refunded or auto refunded in Diamonds.
- Refunds and auto refunds are handled in accordance with the Refund and Diamonds Policy.

A Viewer who breaches these rules during a paid show may be removed without refund.

8. Interactive Devices

A Broadcaster may choose to connect an Interactive Device, such as a compatible connected toy, to their stream. Connecting and using an Interactive Device is entirely voluntary and remains under the Broadcaster's control.

- The Broadcaster consents to, configures, and controls the activation of any Interactive Device.
- Viewers may trigger an Interactive Device only through Tips and only within the limits, patterns, and thresholds the Broadcaster sets.
- The Broadcaster may pause, reconfigure, or disconnect an Interactive Device at any time, for any reason, without notice.

- Broadcasters are responsible for the safe and hygienic use of their own devices and should follow the manufacturer's instructions.

Discretion does not manufacture, supply, or warrant Interactive Devices and gives no assurance as to their safety, performance, or suitability. Use of any Interactive Device is at the Broadcaster's own risk.

9. Recording, Screenshots and Redistribution

It is strictly prohibited to record, screenshot, capture, screen record, restream, download, or redistribute any Live Show, Private Show, Group Show, or any content shown during a stream, in whole or in part, by any means.

- Unauthorised capture or redistribution is a serious breach of this policy and may also be unlawful.
- Streams and content may be watermarked, and we may use technical measures to detect and trace unauthorised capture.
- We will act on reports of unauthorised recording or redistribution, including removal, suspension, and permanent termination.
- We may cooperate with law enforcement and support civil or criminal action against those responsible.

Nothing in this policy grants any Viewer a licence to reproduce, share, or exploit any stream or content.

10. Streams Are Monitored and May Be Moderated

To keep the Platform safe and lawful, streams may be monitored and moderated. We may view, moderate, interrupt, pause, or terminate any stream at any time.

- Moderation may be automated, human, or a combination of both.
- We may terminate a stream that breaches our rules or that we reasonably believe poses a safety or legal risk.
- We may retain moderation records as described in our Privacy Policy and Content Moderation Policy.

No Broadcaster or Viewer should expect that a stream, including a Private Show, is private from our moderation. Moderation is carried out for safety, compliance, and enforcement purposes and does not reduce a Broadcaster's responsibility for their stream.

11. Payments, Diamonds and Broadcaster Earnings

Viewers pay for entry, Tips, and interactive triggers in Diamonds. The amount payable is the price shown at the time, whether that is a Tip amount or the entry price the Broadcaster sets.

- Diamonds are purchased and used in accordance with the Refund and Diamonds Policy.
- Broadcaster earnings, platform fees, holds, and payouts are handled under the Companion and Creator Agreement and the Refund and Diamonds Policy.
- A platform fee applies to amounts earned through live and interactive services.
- We may withhold or reverse amounts connected to fraud, chargebacks, or breaches of our rules.

All payments are made through Diamonds. We do not facilitate off Platform payment for live services.

12. Reporting, Takedown and Enforcement

If you see something during a stream that concerns you, report it immediately using the in stream reporting tools or by contacting us. Urgent safety concerns are prioritised.

- We may take emergency action, including immediately ending a stream and suspending an account, where there is a risk to any person.
- We may suspend or terminate a Broadcaster or Viewer for any breach of this policy.
- Reports and takedown requests are handled in accordance with our Complaints and Content Takedown Policy.
- Any concern involving a person who may be under 18 is actioned under our Child Protection Policy and may be reported to the relevant authorities.

We may preserve and share evidence with law enforcement where we are required or permitted to do so.

13. Availability and Technical Matters

Live and interactive services are provided on an as is and as available basis and depend on third party infrastructure, networks, and devices.

- Streams may experience interruptions, latency, buffering, or quality variation.
- We rely on third party streaming, connectivity, and device providers whose performance we do not control.
- We do not guarantee uninterrupted availability or any particular level of uptime for live services.

To the extent permitted by law, we are not liable for technical failures, interruptions, or losses arising from matters beyond our reasonable control. This does not affect your statutory rights.

14. Changes and Contact

We may update this policy from time to time to reflect changes in our services, technology, or legal obligations. Where changes are material, we will take reasonable steps to bring them to your attention. Your continued use of live and interactive services after an update means you accept the revised policy.

This policy is governed by the laws of England and Wales. If you have questions about this policy or wish to report a concern, contact us at info@discretion.vip.
